**SUPPLEMENTARY INFORMATION:**

The Paperwork Reduction Act of 1995 (PRA), Pub. L. No. 104-13, § 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR Part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval for reinstatement or renewal by OMB. 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection activities regarding

(i) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i)-(iv); 5 CFR 1320.8(d)(1)(i)-(iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the collection of information mandated by Federal regulations. In summary, FRA reasons that comments received will advance three objectives: (i) reduce reporting burdens; (ii) ensure that it organizes information collection requirements in a "user friendly" format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of the currently approved information collection activities that FRA will be submitting for clearance by OMB as required under the PRA:

*Title:* Alleged Violation Reporting Form

*OMB Control Number:* 2130-0590

*Abstract:* The Alleged Violation Reporting Form is a response to section 307(b) of the Rail Safety Improvement Act of 2008, signed into law by President George W. Bush on

October 16, 2008, which requires Federal Railroad Administration (FRA) to “provide a mechanism for the public to submit written reports of potential violations of Federal railroad safety and hazardous materials transportation laws, regulations, and orders to the Federal Railroad Administration.” The Alleged Violation Reporting Form allows the general public to submit alleged violations directly to FRA. The form’s goal is to allow FRA to collect information necessary to investigate the alleged violation and to provide follow up correspondence with the submitting party.

The Alleged Violation Reporting Form collects the name, phone number and e-mail of the person submitting the alleged violations; the preferred method by which to contact the person; the railroad or company name that committed the alleged violation, the date and time the alleged violation occurred; the location the alleged violation occurred; and details about the violation. All information is voluntary. FRA will collect the information via a form on the FRA public web site. FRA may share the information collected with FRA employees, State DOT partners, and law enforcement agencies.
